With the partnership between EASTWEST GROUP ([www.EASTWEST.cc](http://www.EASTWEST.cc)) and Global Bridge ([www.iGlobalBridge.com](http://www.iGlobalBridge.com)), we are excited to offer truly full service North American only “English teacher” placement opportunities throughout China safely and with full teacher representation. China wants North American English pronunciation at all levels! Global Bridge has been involved with cultural exchange between China and the West for years and EASTWEST GROUP has experience assisting companies from each side to come together for business & charity purposes and teaching English for nearly 8 years in Shandong Prov., China. We know the system! This is absolutely your best opportunity to experience China while being paid and we are here for you all the way.

Our network of trusted contacts vary from early childhood learning facilities through the university level & private business and ranges from the far Northeast reaches, throughout the vast wild West and all along the bustling East & South coasts of China. We can place you where you want to be, doing the things you want to do.

EASTWEST GROUP takes real pride in offering services to our contracted teachers that ensures an exciting and safe time while in China. We represent the teacher’s interests fully and maintain 24/7 contact availability. We are based in Qingdao, Shandong Province, China for ease of contact. Any and all disputes will be handled through our office representing only the interests of the teacher while under contract. We guarantee teachers will be offered only the best accommodations

available with full disclosure, sending recent photos and information about the location, prior to accepting any positions. Teachers will be picked up at the airport train/bus station, offered a translator upon arrival and for daily use, assistance as needed for shopping and other activities and teaching assistance from staff. Through Global Bridge, we encourage these facilities to offer cultural exchange activities to teachers such as dinners, day trips, Chinese classes, sporting events and more. All of us will work to make your stay as you expect, absolutely great!

EASTWEST GROUP will get to know each teacher's desires and wants about their opportunity to see China and will match these for placement. We will discuss matters such as location, lifestyle, climate, foods, activities and more areas of interest. We take this very seriously and all are very important to consider. China is a big country with extreme contrasts. We will do our utmost to satisfy requests. Also, if teachers desire to volunteer for charitable causes, EASTWEST & Global Bridge will be most happy to assist in matching these requests. We are strong believers in supporting charities as Global Bridge is heavily involved with the International Lions Club and EASTWEST GROUP sponsors its own Qingdao International Appreciation Group "QIAG". Please view our websites for more information on this.

What we expect from teachers is that they are to be, very simply, the best! EASTWEST GROUP is looking for devoted teachers that truly want to teach English

while having a great time. We do expect our teachers to behave properly and follow the laws of China and rules of the facility. This is serious but not a problem, we live in China and find daily living to be quite free, safe and most interesting. Each facility has its own rules and usually clearly defines such with-in their contract. Visas will easily be handled by the facility.

We offer guidance with teaching methods and will enter into discussions between teacher & facility about this and other concerns if necessary with the assistance of Global Bridge. Teachers must understand, the job is actually very simple, please don't try to make it more difficult than need be. I have personally taught for nearly eight years and enjoyed each class with freedom to use my own style every time. It is the desire of EASTWEST GROUP to offer the absolute best services to teachers and to offer the absolute best teachers to teaching facilities throughout China. A definite win-win! Life here is not always easy, not always predictable but it can be an awesome experience of a lifetime.

EASTWEST GROUP & Global Bridge together, vow to do all that is possible to ensure a safe and enjoyable stay in China while the teacher is under contract. The teacher has the right to contact our office 24/7 while under contract for any reasonable questions or disputed issues and a representative will respond appropriately. EASTWEST GROUP will be responsible for any and all disputes raised by the teacher under contract and promises to settle such as quickly as possible with the facility with the assistance of Global Bridge. EASTWEST GROUP

# **EASTWEST GROUP**

will only place teachers with facilities that we have a trusted and familiar relationship with. We will review all contracts between teacher and facility and hold the facility to any and all agreements.

Our fee is \$599 and allows the teacher candidate personal assistance from EASTWEST GROUP and Global Bridge upon payment through the end of the contract (maximum 1 year) with the teaching facility.
