*College of the North Atlantic – Qatar*  
*The professional and personal experience of a lifetime!*

### **Your dream**

Make your dream of living and working abroad a reality! Join our team of Canadians at College of the North Atlantic's world class, post-secondary campus in the State of Qatar, and enjoy rewarding experiences teaching students from a variety of nationalities and cultures.

College of the North Atlantic – Qatar (CNA-Q), is Qatar's premier technical college, offering over 30 diploma programs through student-centered learning, using world-class training facilities. Since opening in 2002, CNA-Q has over 5,000 graduates who are proudly contributing to Qatar's knowledge-based economy and making the [Qatar National Vision 2030](#) a reality.

### **Your commitment**

Reporting to the Dean, Language Studies and Academics, the instructor will plan, develop, and deliver instruction in Mathematics to students enrolled in a variety of College and academic preparatory programs. S/he will evaluate student progress and manage the resources of the learning environment. The instructor will liaise with industry and other educational institutions; participate in industry advisory committees and coordinate, manage and control projects within the specified program area. Instructors will keep course portfolio documents required for accreditation processes and engage in instructional development/improvement plans. All employees are expected to contribute to professional and community life within the College and beyond.

### **Your qualifications**

A Bachelor of Education Degree (Secondary or Post-Secondary) and an undergraduate degree with a major in Mathematics are required. Recent relevant work experience and teaching experience at a post-secondary level would be definite assets; expertise in curriculum development is desirable. Knowledge and understanding of a variety of delivery and student success strategies is required. Candidates must also have knowledge of current teaching and learning methodologies and an ability to meet the needs of a diverse student population. Strong computer skills and knowledge of the appropriate use and integration of technology in the teaching and learning process are also required. Candidates must demonstrate exemplary communication and interpersonal skills and expert fluency in English. Effective problem solving skills, an ability to work in a team and learner centered environment, and the ability to develop effective working relationships across all levels of the organization are also required. Intercultural competence including intercultural sensitivity and adaptability, and the ability to conduct oneself appropriately and effectively in another culture, are essential. Knowledge of the CNA system and its programs is a definite asset.

### **Your move**
